

## Fluke 719Pro Electric Pressure Calibrator

### **Technical Data**

# Integrated electric pump—now to 300 PSI/20 bar

The 719Pro Electric Pressure Calibrator is the ideal test tool for calibrating high accuracy transmitters, pressure switches and pressure gauges.

The 719Pro includes a full functioning loop calibrator that sources, simulates and measures mA signals and more.

The large backlit screen displays three parameters at once:

- Pressure measurement from internal or external sensor
- Sourced/simulated or measured mA values
- Temperature measured by optional RTD probe
- Unique integrated electric pump for one handed pressure calibration
- Test pressure switches easily with easy-to-use switch test function
- Precision pressure adjust vernier for easy and accurate pressure calibration
- Ideal accuracy and performance (0.025 %) for reference class transmitter calibration
- 30 PSI, 150 PSI and the new 300 PSI pressure ranges
- Programmable pressure calibrator
  pump limit:
  - eliminates over-pressurization
  - allows the user to program target pressures for pumping

- Extended pressure measurement range with any of 29 700Pxx Pressure Modules
- Pump cleanout ports reduce pump failures from moisture and fluid damage
- Fluid trap included with the unit to mitigate chance of fluid damage in at-risk applications
- Precision temperature measurement with optional RTD probe

#### **Specifications**

| Pressure measurement                      | Range                               | Resolution               | Accuracy  | Comment  |

#### **Ordering information**

Fluke-719Pro-30G Electric Pressure Calibrator, 30 PSIG Fluke-719Pro-150G Electric Pressure Calibrator, 150 PSIG Fluke-719Pro-300G Electric Pressure Calibrator, 300 PSIG Fluke-720RTD RTD Probe for 721 and 719Pro Fluke-720URTDA Universal RTD adapter for Fluke-721 and 719Pro Fluke-71XTrap Liquid and dirt trap for 718 and 719Pro

#### **Included with all models**

Test leads with alligator clips, printed users manual and users manual on CD-ROM in 14 languages, fluid trap, carrying case,  $^{1}/_{4}$  inch NPT to  $^{1}/_{4}$  inch ISO adapter, accessory hose kit with (2)  $^{1}/_{8}$  inch quick fit adapters and 1 meter of hose, Traceable Certificate of Calibration.
